Grayling Plays Gaylord In Opener, Friday, April 26

CLASS C. CONFERENCE GAME

Grayling's colorful baseball team takes the field for its initial game of the season tomorrow afternoon with Gaylord. The boys have been working very hard and are in tip-top shape for this important Conference game. Last year the two teams split, with Grayling winning here by a score of 8 to 3 and with Gaylord

many of its key men of last year and will be much weaker if the fellows taking their places can't keep up the pace. But from the looks of them in practice they will be able to uphold the great record set by the teams of years past.

The probable starting lineup for Grayling will be R. Thompson, shortstop; Jankowski, center field; Kolka, third base or pitcher; Deckrow, catcher; Kraus, right field; Anthony, pitcher or third base; Hull or Clark, second base; Sorenson, first base, and McDonnell or Andrus, left field. Church, J. Thompson, LeChapelle, Olson, W. Nelson in reserve.

Gaylord High, coached by George Brotherson, has a veteran team which has finished right behind Grayling in the Class C conference for the past two years. This year they expect to do better from all reports. The probable starting lineup for them will be catcher, Lovelace; first base, Hanes; second base, Darling; shortstop, Creamer; third base, Glasser; left field, Krueger; center field, Nolrot. Coach Brotherson has not picked the pitcher as yet.

Seeing as how this is the opening game and that it is an important conference game, let's all of us loyal Grayling fans be on hand to give the team our moral support.

winning up there by a score of six to five. Both games were fast and hard played and this year will prove no exception. This year's Grayling team has lost

Harwood Restaurant To Open Saturday

Saturday, April 27, Willard Harwood will officially open his new restaurant on U. S. 27, which was formerly his grocery store and sandwich shop. The part that had been used for the grocery store has been made into a large dining room with a floor space of 26 by 38 feet. The walls have been painted in two shades of ivory and the ceiling in a lighter shade. There are fifteen matching ivory booths, with a seating capacity for 55 people. Along one side of the room is a long counter with red padded low stools.

The part that was formerly the sandwich shop has been remodeled into a dance floor, with a dancing space of 17 by 23 feet. This is a separate room and is lined with knotty cedar. A nickelodeum will furnish the music at times when there is no orchestra. Three or four boxes connected with the machine, have been put in the dining room so that the machine may be played from the booths.

The kitchen is painted the same as the dining room and new tables have been added for utility purposes and a fine new

Pyrofax gas stove has been installed. The kitchen is in full view of the dining room and the public can see the kitchen help at work from any place in the dining room.

Two private dining rooms will be located in the former Harwood residence. These latter will be finished some time in June and will be open for reservation for special events.

Farmer Peets has presented Mr. Harwood with a large hand painted sign advertising Grayling as the Winter Sports Capital of Michigan. The colors are blue and white and it is placed where it will be seen as soon as one enters the place.

The floors throughout the building have been newly sanded, oiled and varnished. Small vases filled with colored flowers have been hung on the walls. The waitresses will wear white and red uniforms.

On the opening evening the Girl Scouts will be there in a body to receive the prize for sending in the name selected for the restaurant, which is "Harwood's Fine Foods". This will be at 8:30 o'clock.

We compliment Mr. Harwood upon the completeness and attractiveness of his new enterprise.

Kalkaska Trout Festival Starts Tomorrow

The final climax of the Kalkaska National Trout Festival which will be held on April 26-27, will be the chartered plane trip to Lansing where the Kalkaska National Trout Queen will present Governor Dickinson and Director P. J. Hoffmaster with fish from the north country, and also with a request that the opening of trout season be changed from the last Saturday in April to the first or second Saturday in May. This will conserve trout and as well give the fisherman a chance to fish in more desirable weather.

After leaving Lansing, the queen, with her chaperon, will proceed to Detroit, where she will be the guest of Mayor Jeffries and other public officials.

While in Lansing the queen and chaperons will be the guests of the Olds Hotel, and in Detroit the guests of the Statler Hotel. Both hotels will feature Northern Michigan Trout, Kalkaska style.

The plane trip will be made from the Kalkaska airport on Monday, April 29, according to Lou Kramer, director of festival and publicity.

Grange Notes

Protest Outside Peddlers

A small attendance answered roll call at the meeting Saturday. Spring work must be the cause.

The Grange members were pleased to read that the Chamber of Commerce members have brought up the subject of people coming in from other counties and peddling meat, eggs, chickens, and what have you.

Years ago the Grange members tried to get something done about this same thing but couldn't seem to get anyone else to take an interest in, or help with it. People out of the county will bring anything and everything to sell at most any price to get rid of their goods. This hurts the farmers of Crawford county because when they ask a fair price for their products, the people will say, "Oh, I just bought eggs, (or whatever it happens to be) from a man from such and such a place today for so much." The home producer has to cut down on his price, or keep his product.

Feed is always high here in Crawford county and a farmer knows just about what he can sell at in order to come out even. Sometimes there is no profit even at that price. We hope someone will get results, as the farmers of this county have put up with this about long enough. All they ask is fair play and a decent price.

A mistake was made in last week's notes on the officers elected of the Juvenile Grange. Lucille Wakeley was elected secretary instead of Ceres, and Joyce Kochanowski was elected Ceres.

The children held their first business meeting last Saturday at the hall. The next meeting will be in the evening, May 4th. Also the next Grange meeting will be on that date, at the same time; hope we have a good turnout for both.

The party at the hall last Saturday night brought out a good crowd. Ten games were played with prizes for each. A pot luck lunch was enjoyed, after which dancing was enjoyed until a late hour.

The members are planning on a pie social, May 15th (especially the men). All the pie you can eat, and play your favorite card game, for 25c. Watch for further notice on the party.

Junior Play Well Received

The Junior Play, presented last week to a large audience, was a very successful production. The class of 1941's presentation of "Mama's Baby Boy" was well received.

The comedy selected for portrayal by the class was good entertainment. It had different sets of situations than the usual comedy-drama, well sprinkled with humor that kept the crowd entertained for two hours. At the final curtain all had come out right again, though a solution for the assorted perplexing problems had seemed impossible.

The play was staged by the Class of 1941, with eleven members comprising the cast of characters. The students who took parts were trained by Director Cecil Roberts, and a smooth and polished performance was the result. Everyone of the group added some essential part to the play and all had their punch lines. The play called for some masquerading in children's clothes and some of the entrances brought the house down.

Those who took part included Kathleen Kraus, a young widow, and her son, Robert Welsh; Lawrence Cady, a widower, and his daughter, Thelma Papendick. Add Joyce Heath as a colored maid; Jack Redhead as a real estate agent; Margaret Flagg, a friend of the widow and sister of the widower, and her daughter, Katherine Peterson; Kathryn Charron as a grandmother; Floyd Millikin and Leona Deckrow to add a youthful touch and the cast is complete. They put on a notable performance and deserve sincere congratulations.

Between the acts Mr. Rowland played a trumpet solo, and Natalie Peterson and Mildred Craft sang. Miss Johnson accompanied at the piano.

SHOWING FILMS ON SOCIAL SECURITY, TONIGHT

The Bureau of Old Age and Survivors Assistance of the Social Security Board at Traverse City, Michigan, extends an invitation to the public to see a free showing of a talking picture covering the many beneficial features of the Social Security Act. This highly interesting and entertaining film will be shown at the Grayling High school auditorium, Thursday evening at 8:00 o'clock, April 25th, 1940.

The picture reveals many of the advantages and benefits of the Social Security Act, which some of the public may not have believed existed. Changes in the Social Security Act in 1939 have been quite drastic resulting in more liberal benefits to the wage earner and protection to his family. All wage earners and employers and their families are particularly urged to see this show.

Mrs. Horace Shaw Succumbs To Illness

Grayling friends received with much regret, Monday, the sad news of the passing of Mrs. Horace J. Shaw at Mercy Hospital in Bay City. Although Mrs. Shaw had been ailing for two years, her death came as a shock to her family and the host of friends she had made during her three years residence here. She had gone to Bay City several days ago to have some teeth extracted and illness resulted, sending her to Mercy Hospital. A patient there for a few days, she was dismissed and again returned to the hospital and had been receiving blood transfusions to prepare her for a needed operation. Monday morning she passed suddenly away at 10:00 o'clock. Mr. Shaw, who had been at her bedside had left Bay City and was on his way home to Grayling with the intention of making his regular railroad run, and when he reached here the news of the death of his wife awaited him.

Mrs. Shaw was born in Bay City, Feb. 3, 1883. She was educated in St. Mary's school and Western High school, the latter of which she was a graduate. Residing in Bay City until three years ago, they came to Grayling as Mr. Shaw, a railroad engineer, had been transferred to a run from Grayling, north. At first they rented cottages at Lake Margrethe, but soon became so much in love with the surroundings that they purchased some land and built a home to their liking just a year ago, planning to make it their permanent home. Mrs. Shaw was a member of St. Mary's church, of its Altar Society and of the Catholic Women's Guild, also a member of the Woman's Club. Of very sterling character, Mrs. Shaw had that friendly cheerful manner that mastered for her countless friends.

Surviving besides her husband is one son Edward H., of Crystal Falls, one grandchild, Sylvia Shaw, her aged mother Mrs. Mary A. McKnight, Bay City; three brothers, James A. McKnight, Melville, Sask.; W. R. McKnight, Milwaukee, Wis., and George H. of Bay City; two sisters, Mrs. Thomas J. Doyle and Mrs. Leo D. Goddard of Bay City. Mr. Shaw and other members of the family have the sincere sympathy of Grayling friends.

The remains were at the deceased's former home on Linn street and services were held this morning at St. Mary's church. Bay City, Rev. Fr. James Moloney of Grayling officiating. Burial will be in St. Patrick's cemetery there. Mr. and Mrs. Stanley Flower, Capt. and Mrs. Jerry Reynolds, Mr. and Mrs. F. J. McClain, Mrs. William Hill and Mr. and Mrs. Glenn F. Penrod left this morning to be in attendance at the rites.

Flying Club Sponsors Free Motion Picture

Stop, Look, and Read: there will be a free motion picture show on April 29th entitled "Wings Over Michigan." Bring your friends, family, and all come and see a moving picture of the flying clubs of Michigan. Most of this picture is filmed around and at Grayling.

It lasts about an hour and will be shown at Spikes. Col. Floyd E. Evans and Mr. Walter Hastings will be here to tell you about flying in Michigan. Plan to see this picture.

Ladies Golf Club

Members of the Golf Auxiliary met at the home of Mrs. E. J. Olson Monday night to elect officers with the following result: Mrs. Olson was re-elected president; Mrs. Emil Giegling, vice president; Miss Georgeanna Olson, secretary; Mrs. Esbern Hanson, treasurer. The opening meeting will be held at the club house Wednesday, May 1st, with a pot luck luncheon. Everyone invited to attend.

A meeting of the members of the Golf Club was held at the club house Thursday evening for the purpose of electing directors for the coming year. Roy Milnes was elected president, George Olson, vice president, and Wilhelm Raas was re-elected secretary-treasurer.

Semi-Tropical
It always surprises visitors to note the semi-tropical vegetation about the lakes of Killarney in Ireland. Here grow cedars of Lebanon, wild fuchsia, arbutus, the Mediterranean strawberry tree, found nowhere else in the British Isles, the scented orchid, and other plants common to Spain and Asia Minor.

Former Grayling Girl Wed In Lansing

Miss Grace E. Jones, daughter of Mr. and Mrs. Bert Jones, of St. Helen, became the bride of Eugene Edward Brossard, son of Mr. and Mrs. Everett Brossard, of Lansing at a pretty ceremony Saturday morning in St. Mary's church, Lansing.

The bride wore a blue satin gown designed with a net jacket of matching blue and a finger-tip veil of blue. She carried pink roses tied with blue. Miss Ethel May Brossard, in rose colored satin and carrying white carnations tied with green, was maid-of-honor. Marvin Phillips, of Detroit, was best man, and William Jones, and Herbert Brossard were groomsmen. Everett Brossard, Jr., and Stanley Clark, Jr., acted as altar boys. For her daughter's wedding Mrs. Jones wore powder blue with navy accessories and Mrs. Brossard grey print with navy accessories.

Breakfast was served at Hunt's Food shop in East Lansing, following the ceremony. Among those there were Mr. and Mrs. Everett Jones, and daughter, Beverly, of Saginaw; Iris and William Jones, of St. Helen, and Leonard Phillips of Detroit.

After a trip to Chicago and to Kentucky, Mr. and Mrs. Brossard will make their home in Lansing. For traveling Mrs. Brossard chose a suit of powder blue with navy accessories.—Bay City Times.

IT isn't easy to understand any-
one who prides himself upon be-
ing a good American citizen turn-
ing down anything that may be
of benefit to Boy Scouts, if with-
in his ability to be helpful. Nor
can we understand the public re-
lations service committee of the
Boy Scouts of America National
Council sending out to newspa-

licity bulletins expecting that ed-
itors can take the time to read it
all. We're of the opinion that at

thy bulletins find their way to the
waste basket.

WEBSTER'S DICTIONARIES ARE NOT ALWAYS WEBSTER'S

Strangely enough, the name "Web-
ster's" on the cover of a dictionary
may label books that have little to
do with Noah Webster, who wrote
and published America's first un-
abridged dictionary in 1828. Like all
other copyrights, the copyright on
Webster's original work ran out af-
ter 56 years, and today the Webster
name can be, and is, used by anyone
who wishes to borrow the prestige
of the great lexicographer's name,
which cannot be copyrighted. In
1843 the publication rights to Web-
ster's original work were acquired
by G. & C. Merriam company, which
firm has revised the dictionary many
times and issued up-to-date editions
of "Merriam-Webster dictionaries,"
as they are the legal successors of
Noah Webster's original work.

LIFE'S LITTLE JESTS

BING THAT BELL

An Italian who was working on a
railway in Florida had been told to
beware of rattlesnakes, but was as-
sured that they would always give
the warning rattle before striking.
One day he was sitting on a pine
log eating his dinner when he saw a
big snake coiled a few feet in front
of him. Keeping an eye on the rep-
tile, he began to raise his feet from
the ground, and as he did so the
snake's fangs hit the bark beneath
him, no warning having been given.
"Son of a gun!" yelled the Ital-
ian. "Why you no ringa da bell?"

Original—to Her

"He's a most original man and
told me things I never heard from
any other man."
"Did he ask you to become his
wife?"

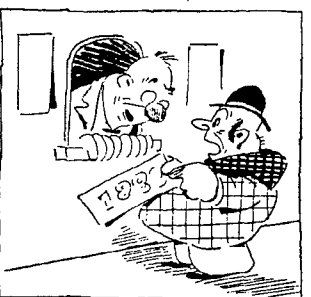

Rather Poor Judge

Lady—I want a bottle of aspirin,
six lemons, and a tin of bath mus-
tard.
Druggist—Thank you, madam. Is
everybody at home well?

Real Pin Money

"Your wife says she only asks for
pin money?"
"Yes, but the first pin she wanted
had 12 diamonds in it."

A NATURAL ERROR

License Clerk—Maybe I can
change your license number for you.
What's the matter with the one you
have?

Henry Carr—The number I have
now is 1898 and my friends are al-
ways mistaking it for the date of
my car.

A Little Too Loud

A Topeka business man employs
two Negroes to work on his gar-
dens, which he personally oversees.
One morning Sam did not appear.

"Where is Sam, George?" he
asked.

"In de hospital, sah."

"In the hospital? Why, how did
that happen?"

"Well, Sam he been a-tellin' me
ev'ry mornin' foh 10 days he gwine
to lick his wife, 'cause o' her nag-
gin'."

"Well?"

"Well, yestiddy she done oveh-
heah him, dat's all."

Snappy Comeback

He (trying to be clever)—If an ex-
tremely handsome man should ask
you for a kiss, what would you tell
me?

She—I'd tell you to go away and
leave us alone.

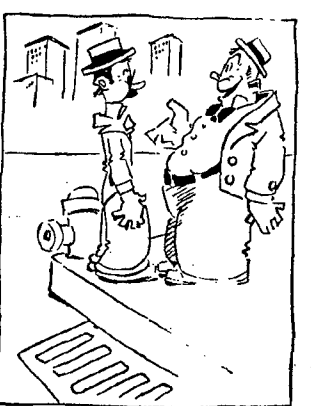

Nice Wives

First Husband—My wife is so ten-
der-hearted she won't whip cream.
Second Husband—That's nothing.
My wife absolutely refuses to beat
rugs, and tears come to her eyes
every time she has to skin an onion.

Ready for Anything

Maud—You can't believe every-
thing you hear.
Gladys—No, but that makes no
difference with me. Let me hear
what you were going to tell me.

BELL OR BELLE

"Joe, I wantcha to meet me girl,
Belle."

"Ha, ha, does she ring?"

"No Sap, she's only a dumb bell!"

Second Best for Him

"The best thing you," said
the doctor, "is to give up drinking
and smoking, go to bed early every
night, and get up early in the morn-
ing."

"Doctor," replied the patient, sol-
emnly, "I don't feel somewhat that
I deserve the best; what's the sec-
ond best?"

Four Tourist Secretaries Promote "Know Michigan Tourist Week"

Making plans for attracting tourists to Michigan in 1940 are (left to right) T. F. Marston, secretary
East Michigan Tourist Association; J. Lee Barrett, executive vice-president Southeastern Michigan Tourist
and Publicity Bureau; George Bishop, secretary Upper Peninsula Development Bureau; and Hugh J.
Gray, secretary West Michigan Tourist and Resort Association.

By Governor's Proclamation the
week of April 14-21 has been set
aside as "Know Michigan Tourist
Week." The East Michigan Tourist
Association and the three other
state associations have been carry-
ing on a campaign to sell Michigan
to Michigan.

It has been believed for some
time on the part of the tourist
associations that the recreational
attractions of Michigan have been
sold more efficiently outside of the
state itself, and that the residents
of the state have not been entirely
aware of the magnitude and value
of the tourist trade.

With the added competition of
41 states now publicizing and ad-
vertising their attractions, and the
World's Fairs still in operation for
1940, leaders in tourist and resort
promotion have decided to arouse

Michigan people to the importance
of protecting the state's second
largest industry—an industry that
has a financial value to nearly
every individual in the state.

Luncheon Clubs are staging spe-
cial programs, newspapers have
given generously of their space.
The West Michigan Tourist and
Resort Association have set up
special county organizations to pro-
mote the idea, essay contests are
being run by luncheon clubs and
schools. Throughout all the But-
terfield Theatres in Michigan an
eight minute film "Discover Mich-
igan in 1940" will be shown. The
East Michigan Tourist Association
is organizing a battery of 2 minute
speakers to introduce this film—
and many other activities are tak-
ing place.
"When 11,380,322 outstaters cross

Michigan's borders (latest Conoco
survey), they bring enough cash
in their pockets to assist finan-
cially nearly every person in the
State," says T. F. Marston, secre-
tary of the East Michigan Tourist
Association. He pointed out that
the resort industry employs thou-
sands of persons and that the tourist
doesn't spend most of his money
for accommodations, on buys food,
drinks, gasoline, fishing and hunt-
ing gear, clothing—he occasionally
needs to see a doctor or a dentist,
he buys fishing and hunting li-
censes—he spends money like any
other person. The only difference
is that he pays cash. He also helps
to lighten our tax load, because,
although a non-resident, he pays
Michigan taxes in the form of sales
tax, gas tax, liquor tax, and many
other taxes indirectly.

Getting Ready!

Michigan's thousands of trout fishermen are counting the hours
until the season's opening, April 27. The conservation department re-
ports 6,700,000 trout were planted in Michigan trout lakes and trout-
streams in 1939. Total weight of the plantings exceeded 80 tons. In-
cluded were more than 400,000 trout of "keeper" size.

My Neighbor

Says:

Put the fork in the fat of steak when turning it. If put into meat the juices will escape.

To clean glass in oven door dials, scrub with a stiff brush sprinkled liberally with scouring powder.

When roasting beef have oven very hot at first to seal in juices, then reduce heat, cooking more slowly.

If two tablespoons of shortening are added to the batter when making griddle cakes it will not be necessary to grease griddle.

Mechanical refrigerators should be cleaned once a month. Wash out quickly with a lukewarm solution of bicarbonate of soda or borax. (Associated Newspapers—WNU Service.)

ARTHRITIC HEADACHE

Many persons, subject to periodical headaches, describe the pain as first appearing at the back of the neck, spreading upward and forward into the temporal region as the condition becomes more severe. Perhaps the first evidence that an attack is approaching is a feeling of stiffness, soreness and tenderness in the muscle attachments at the back of the neck.

Such headaches, which sometimes recur daily over a period of time, are generally due to arthritis in the region of the spine. They may often be brought on by intense physical or emotional strain. Riding in an automobile for long distances, sewing, stenographic work and other occupations requiring the eyes to be focused for long periods may produce such headaches. Worry or anxiety may be equally to blame.

In older persons, this type of

headache is sometimes aggravated by a marked, if unrecognized, error of vision. Concentration of the gaze throws a severe strain on the eye muscles. While eye-strain, high blood pressure and faulty diet doubtless contribute to the malady, x-ray photographs of the bones forming the cervical spine usually show a characteristic arthritic malformation with "lipping" at the edges of the bones.

If the sufferer, by reason of repeated attacks, has a fairly good idea of the immediate inciting cause, he may succeed in preventing headache by avoiding the cause. In addition, refractive errors should be corrected with glasses or an old prescription should be changed. Abscessed teeth should be removed. The diet should be well-balanced and nutritious and those foods which tend to increase the weight should not be eaten. Regularity of elimination is essential. Worry and excessive fatigue must be avoided.

When, despite these precautions, headache occurs, the sufferer would do well to lie down in a darkened room, applying some form of heat to the back of the neck. Gentle massage often relieves the muscle spasm in this area. Complete relaxation of the body for an hour brings relief to many sufferers or at least tends to mitigate the severity of the attack. Small doses of aspirin are helpful provided one is not allergic to the drug. Heat traction frequently proves beneficial in obstinate cases.

Some 45 adult members of St. Mary's parish enjoyed the social evening Thursday at the parish hall. A pot luck dinner served buffet style with just about everything on the menu, was the big feature and everyone did ample justice to it. During the dinner, Louis Kraus rendered a couple of cornet solos that made a hit with the crowd. Patsy Hope Heric was on the program for one of her tap dances which she did nicely and responded to an encore. Mrs. June Underwood sang two vocal solos very beautifully, playing her own accompaniment. After dinner dishes were cleared away and card tables set up and when the card games were over Mrs. W. J. Heric and Mrs. Wilfred Laurant held the high scores for bridge and Lila Smock and Mrs. Oscar Goss for pinochle.

The Weather

This week the weather man has been a little more lenient with his warm weather, as the coldest day was Monday, the thermometer registering 22 degrees that morning. Although it may be doubted by many, Wednesday was the warmest this week, the mercury shooting up to 54 degrees during the afternoon. There was a warm rain most of the afternoon, and this morning the grass is turning green and the dust is settled considerably. But the thermometer said 28 this morning and the air is chill.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

Thursday, April 26, 1917

Col. Walter G. Rogers, quartermaster general, has arrived in Grayling and is at the Military reservation grounds. After looking over the camp grounds he returned to Grayling and went at once to the local lumber companies and placed requisitions for estimates on large quantities of lumber. He stated that there would be about eight thousand soldiers in camp here this summer, and also that the government would begin at once the construction of forty-six dining rooms with capacity of 150 men each, an administration building, and a hospital, the cost of both amounting to thirty-five thousand dollars. Work on the completion of the stone road from Grayling to the reservation will be started at once.

The Grayling Social club members spent a joyous evening together at the club rooms Thursday evening. The party was a barn dance and the hundred guests that were present came dressed in their old clothes, straw hats, bonnets and everything. The ball room was decorated as much like a barn as it ever could have been, instead of chairs big bales of straw completely surrounded the room. Hanging on clothes lines the full length of the room were horse blankets, old underwear, shirts, socks, and many other things. Lanterns were used to light the place. Music was furnished by Clark's orchestra. At about midnight the committee served refreshments, each guest receiving a paper sack with a sandwich and a fried cake in it. Coffee was served from a large milk pail in tin cups. The party was put on by the bachelors of the club and was voted a huge success.

Balloon Test Flights

Aid Airplane Pilots

Meteorologists who watch vari-colored balloons float into the sky are responsible for the most accurate method devised for guiding airplane pilots through hazardous winds, according to Elbert F. Corwin, Rensselaer Polytechnic Institute meteorologist.

The new technique, with its narrow margin of error, is expected to prevent fliers from encountering violent up-drafts and treacherous down-drafts that sometimes sweep planes into mountainsides. Pilots will know at which levels they may fly to avoid the currents.

Corwin said that the new method utilized a geometrical principle, determining a distance through angles. Weather observers at present base calculations on an assumption that balloons always rise about 600 feet per minute.

Corwin and two student assistants, at the request of the United States weather bureau, for months sent colored balloons into the air and observed their flight to heights of five miles and distances of from 10 to 17 miles.

It was found that "up and down" winds accelerated, slowed, or even reversed, the balloons' normal rate of climb. Thus, the Rensselaer findings showed, the pilot of an airplane might encounter violent winds by trying to avoid them, because winds, reported at 10,000 feet, might really be at 8,000 or 12,000 feet.

The new method utilizes a small balloon tied by a 100-foot line to the main "sounding" balloon. A special theodolite, similar to those used by weather observers and surveyors to study angles, would then measure the angle between it and the two balloons. Calculations then determine to within relatively few feet their height.

CCC Camp News

CAMP AU SABLE

V-1670 Co. CCC S-108 (Mich) The first fire call of the season came Sunday. The fire was north of Forestry headquarters. The men responded promptly and the fire was soon out.

The hatchery crew, under Secor, is back on the job after the winter lay-off and they will soon have the plant and grounds in tip-top condition.

One of the new projects for the summer is the building of a picnic park at Wolf lake, near Lewiston in Montmorency county. Under the able direction of Junior Forester DeLange, the job is off to a flying start.

Capt. Pritchard, Supt. Frye and Advisor Little attended a State Forest camp conference at Camp Black Lake, Tuesday.

All members of the technical staff attended an all-day conference at conservation headquarters at Roscommon, Saturday.

Thursday, the weather was so bad the men were not called to work. By way of diversion, a special matinee for the veterans of AuSable and Hartwick Pines was arranged with the manager of the Rialto at Grayling. Over one hundred men from AuSable and seventy-five from Hartwick Pines witnessed "The Fighting 69th" with other short subjects. It was a very enjoyable occasion and the men hope for another one on the next rainy day.

On Friday of last week, Bruce McGregor, junior foreman, gave his crew a pleasant surprise. Instead of taking them to work he took them on a tour of some of the points of interest in this region. They visited a number of projects; the power plant at Mio; the Hatchery at Grayling; and Camps Luzerne and Eldorado. The men say it was more fun than working for a change, and hope it may happen again. During the afternoon they had a fire drill as a part of the excursion.

Heard at the Kitchen

Capt. Pritchard—"William is a little wobbly on his legs this morning."

Goody—"Yes, he is on his last lap."

Walter H. Kane, for the last 15 months assistant to the educational adviser, has been transferred to Camp Wolf Lake in southern Illinois. Alexander Ohlson is the new assistant.

Goody—"Mr. Littler must be feeling better."

Lapp—"Why so?"

Goody—"He has gotten rid of his 'Kane'."

Quite a few of the men are getting out their fishing tackle and mending their nets for the opening of the trout season, Saturday.

Our greenhouse is teeming with plants of many varieties, including both flowers and vegetables. Each member of the garden class has his own section in which he experiments on different kinds of soil and methods of culture. A large part of them are already far enough along for transplanting to the flower beds about the camp; as soon as it is safe to put them out. We intend to make Camp AuSable even more of a beauty spot this summer than it was last.

The shanties are all ready to be taken to the various stations on the creel census route, and an able crew of men will be on the job beginning Saturday. Rhoads will be in charge.

Chaplain Samuel visited us Sunday afternoon and evening, conducting one of his helpful meetings after supper.

The church truck made the usual two trips to Grayling for religious services Sunday—one at 7:30 o'clock for early mass and one at 10:30 to Michelson Memorial church.

CAMP HARTWICK PINES

SP-8 Mich. V-2690th Co.

First Fire Call.

With the first Spring-like Sunday, patches of snow still on the ground and more in the woods, this company had its first fire call of the season. The boys had just finished a good dinner and were all set for a pleasant, restful afternoon on their bunks or a ramble in the neighborhood, when the first call came. Twenty men were off with fire fighting equipment in less than that number of minutes. A call for reinforcements came and another crew took off. The fire burned over the grass and brush of about 15 acres, seven miles southwest of the camp. The men returned to camp at 6:15 p.m.

Return Engagement.

The Veterans of Camp Hartwick Pines, with those of Camp AuSable, fought a return engagement of the world war, but this time from the comfortable seats of the Rialto theatre in Grayling. The film, "The Fighting 69th" was showing in town and a rainy day was keeping the boys off the projects. Some fast work between the two camps and the manager of the theatre, resulted in the arrangement of a special matinee for the men of the two companies. A good time was had by all.

Music in the Air.

Harry Wellman, Assistant Educational Adviser, John Deckrow, craft instructor, Gus Warner, hospital assistant, and Al Vierranz, the popular cook, are training with the Grayling American Legion drum and bugle corps. Harry plays the cymbals, Al the traps and John and Gus the trumpet. Al will probably steal the show with his jittering.

Another Job.

John Frichette was called to Detroit to take his old job as millwright on the lake boat, City of Cleveland III, and is standing by for sailing date.

Craft Shop Activities.
